**Subject:** Congresswoman Mary Miller Responding to your message

September 12, 2022

Dear Mr. Shehorn,

Thank you for contacting me on veterans' issues. I appreciate the opportunity to hear your thoughts on this important topic.

Our veterans have devoted priceless sacrifice and service on behalf of our country. Even after their service, they continue to be inspirations to future generations and a reminder that freedom isn't free. I am committed to ensuring that they receive the necessary care and support they deserve as a result of their service.

We ought to ensure that our veterans have access to the best possible healthcare and that they have the right to access the healthcare that they desire. During his administration, President Trump showed how expanding choice to veterans' care would severely diminish wait times and improve veterans' care. I am working to carry on President Trump's work by cosponsoring legislation such as H.R. 1520, Veterans Access to Direct Primary Care Act. This bill would create a 5-year program to allow eligible veterans to receive primary care services from a non-VA provider through a veteran health savings account.

Thank you, again, for reaching out to me. Please don't hesitate to contact me if I can be of any assistance in the future. To stay up to date with my work in Illinois and Washington, you can sign up for my weekly newsletter where I provide an overview of key votes and committee hearings in Congress.

Sincerely,

A handwritten signature in cursive script that reads 'Mary E. Miller'.

Mary E. Miller  
Member of Congress
